The Offeror shall have been in the wheelchair and hired car transport service business for at least two years. Each offeror must submit a narrative letter with their quote fully describing the make of vehicle, model and year which he/she agrees to furnish under this quote including the location and telephone number of his/her establishment where calls are received and vehicles are immediately available for dispatch. This letter must contain information as to the metering devices or methods offeror proposes to use in determining mileage. The Contracting Officer will be notified in writing of any equipment added after award of contract.

3. Drivers/Attendants

- a. Prices quoted shall include the services of chauffeur and attendant (if and when required by Physician--only ambulatory patients who do not require medical management, but who may require assistance and/or restraining will normally be transported), and such other services as may be necessary to assist beneficiaries in and out of the vehicle, to or from the door of pickup, or delivery and handling of beneficiaries' articles such as prosthetic appliances, folding wheelchairs, or personal luggage items essential to his needs on admission to the hospital or return trip home.

Copies of any applicable licenses or certifications must be made available upon request. Drivers must be fully trained in the operation of the vehicle, its accessories and equipment, including communication equipment, tire changing equipment, wheelchairs/litters and their vehicle fastening equipment.
- d. The government reserves the right to restrict any contractor employee from performing services under this contract who does not meet the required qualification of the services they perform, violates federal regulations or is identified by the VA as a potential threat to the security, safety, health or operational mission of the Department of Veterans Affairs and their populations or beneficiaries. The restriction of such a person shall not relieve the Contractor from providing all the required services as described herein. The VA reserves the right to

investigate contractor personnel as to character and physical capabilities for performing the duties under this contract.

- e. At all times during the performance of this contract, Contractor employees shall conduct themselves in a professional manner and be clean and neat in appearance.
- f. An authorized official of the Veterans Administration, may, in the best interest of the beneficiary, allow a relative to accompany him/her at no additional charge for transport.
- g. It may be determined advantageous for the VA to assign its own attendant to accompany a patient. Contractor will be notified of this fact at time trip is arranged. In such cases, a return trip for the attendant will not be accomplished by contractor unless previous authorization has been given.

4. Number of Patients and Charging Procedures

- a. It is understood and agreed that from one (1) to four (4) patients could be transported from one (1) or more pickup locations and transported to one (1) or more destinations. For travel within the city limits a one-way trip charge will apply to each patient in the vehicle according to the applicable item in the Cost Schedule and no mileage will be charged. When travel beyond the city limits is involved and more than one patient is transported in the same vehicle, a pick-up charge for each patient will be assessed by the offeror, according to the applicable item in the Cost Schedule, plus a single mileage charge covering the number of miles for the longest distance over which a patient is transported. Mileage will be based on the physical address of the hospital or clinic and the applicable personal residence.
- b. Contractor must ensure that the pick-ups and drop-offs are scheduled so that the total distance traveled will result in the most economical charge to the Government. Only VA patients will be transported at one time.

5. Waiting Time

- a. For time lost in waiting at either end or both ends of a trip due to a patient care delay that causes the patient to be over 15 minutes late the contractor will be reimbursed at the rate of one-fourth the hourly rate quoted in his/her quote for each quarter hour or fraction thereof in excess of one-quarter hour from the time he/she reports to the designated person. If necessary, the contractor must wait the fifteen minutes--not leave and charge an additional pick-up charge. The reason for this is to allow time to reach the veteran if they cannot answer the phone on the first try or if they are not in their designated pick-up place. The contractor will call or otherwise notify the VA Travel Coordinator as soon as he/she anticipates that a delay may develop for which he/she expects to be reimbursed for "Waiting Time". This notice will verify the contractor's arrival time at the pickup point for which he/she will request reimbursement.
- b. Payment for "Waiting Time" reimbursement **MUST** be approved and verified before payment will be authorized. In order to verify reimbursement for "Waiting Time", the Contractor must provide written documentation of the delay, including but not limited to (1) arrival time

at origin and/or destination verified by other than Contractor's personnel, (2) departure time at origin and/or destination verified by other than Contractor's personnel, (3) reason for delay, and (4) total amount of reimbursement requested. Failure to notify the VA in advance of the possible charge could result in nonpayment. Waiting time will also be assessed as indicated above by VA if contractor fails to meet a pre-scheduled trip time.

6. Orders

- a. Request for services to be performed will ordinarily be made by telephone by the authorized Travel Clerk or Administrative Officer on Duty (AOD). Orders may also be placed by other agreed upon means, such as by facsimile. The contractor will accept and initiate transports only from authorized personnel of the VA. Upon award of contract, the contractor will be provided with a list of authorized personnel and appropriate contact phone numbers. Providing transport upon the request from other than authorized personnel may result in non-payment of transport by the Government.
- b. Patients that are brought in for outpatient appointments will be taken to the Primary Care Check-In Clerk between the hours of 8:00am to 4:00pm. If there are patients delivered before 8:00am or after 4:00pm, the driver will escort them to the Emergency Department Window. For all inpatients that are transported to appointments outside the SFVAHCS, the contractor will be required to pick them up and return them to the inpatient ward. Contractor's driver will communicate with VA staff when they pick-up or return a patient to an inpatient ward.
- c. If the Contractor is unable to furnish the vehicles required for service under this contract, it will be the contractor's responsibility to obtain the services for the VA from an alternate source. If the contractor is unable to furnish the number of vehicles required the contractor must notify the VA immediately. All subcontracted services must be pre-approved by VA COR (Contracting Officer Representative) prior to any patients being transported.
- d. If the Contractor fails to furnish service within a reasonable time (30 minutes shall be considered a reasonable time) after receiving a request for services, the VA reserves the right to obtain the service from another source and to charge the Contractor with any excess cost resulting there from. The VA will be sole judge in determining when to order service from another source. If a trip has been pre-scheduled for a specified time and contractor fails to arrive at that time, waiting time may be assessed by VA as indicated in Para.2E.
- e. The Contractor shall advise the VA employee making the call the approximate time the vehicle will be dispatched. If it is impossible for the contractor to make a determination at the time of initial contact by the VA, the Contractor will advise the VA caller within 15 minutes of the anticipated time of dispatch of the vehicle and the company supplying the vehicle if the Contractor cannot supply his/her own vehicle. Times given for pickup of patients must be agreeable to the Hospital personnel making the call.
- f. Contractor is required to notify the COR of any unusual events including but not limited to accidents, safety problems & patients unbolting themselves during transport under this

contract. Notification will be made within one hour by phone and a written report delivered to the COR and contracting Officer within 24 hours.

- g. The Government will designate the COR in writing upon award and notify the Contractor contact information for the COR.

(a) The Contractor shall, at its own expense, provide and maintain during the entire performance of this contract, at least the kinds and minimum amounts of insurance required in the Schedule or elsewhere in the contract.

(b) Before commencing work under this contract, the Contractor shall notify the Contracting Officer in writing that the required insurance has been obtained. The policies evidencing required insurance shall contain an endorsement to the effect that any cancellation or any material change adversely affecting the Government's interest shall not be effective—

(1) For such period as the laws of the State in which this contract is to be performed prescribe; or

(2) Until 30 days after the insurer or the Contractor gives written notice to the Contracting Officer, whichever period is longer.

(c) The Contractor shall insert the substance of this clause, including this paragraph (c), in subcontracts under this contract that require work on a Government installation and shall require subcontractors to provide and maintain the insurance required in the Schedule or elsewhere in the contract. (End of Clause)

C.9 SUPPLEMENTAL INSURANCE REQUIREMENTS

In accordance with FAR 28.307-2 and FAR 52.228-5, the following minimum coverage shall apply to this contract:

(a) Workers' compensation and employers liability: Contractors are required to comply with applicable Federal and State workers' compensation and occupational disease statutes. If occupational diseases are not compensable under those statutes, they shall be covered under the employer's liability section of the insurance policy, except when contract operations are so commingled with a Contractor's commercial operations that it would not be practical to require this coverage. Employer's liability coverage of at least \$100,000 is required, except in States with exclusive or monopolistic funds that do not permit workers' compensation to be written by private carriers.

(b) General Liability: \$500,000.00 per occurrences.

(c) Automobile liability: \$200,000.00 per person; \$500,000.00 per occurrence and \$20,000.00 property damage.

(d) The successful bidder must present to the Contracting Officer, prior to award, evidence of general liability insurance without any exclusionary clauses for asbestos that would void the general liability coverage.

(End of Clause)

C.10 52.232-19 AVAILABILITY OF FUNDS FOR THE NEXT FISCAL YEAR (APR 1984)

Funds are not presently available for performance under this contract beyond 9/30/2016. The Government's obligation for performance of this contract beyond that date is contingent upon the availability of appropriated funds from which payment for contract purposes can be made. No legal liability on the part of the Government for any payment may arise for performance under this contract beyond 9/30/2016, until funds are made available to the Contracting Officer for performance and until the Contractor receives notice of availability, to be confirmed in writing by the Contracting Officer.

SECTION E - SOLICITATION PROVISIONS

E.1 52.212-1 INSTRUCTIONS TO OFFERORS—COMMERCIAL ITEMS (OCT 2015)

(a) *North American Industry Classification System (NAICS) code and small business size standard.* The NAICS code and small business size standard for this acquisition appear in Block 10 of the solicitation cover sheet (SF 1449). However, the small business size standard for a concern which submits an offer in its own name, but which proposes to furnish an item which it did not itself manufacture, is 500 employees.

(b) *Submission of offers.* Submit signed and dated offers to the office specified in this solicitation at or before the exact time specified in this solicitation. Offers may be submitted on the SF 1449, letterhead stationery, or as otherwise specified in the solicitation. As a minimum, offers must show—

- (1) The solicitation number;
- (2) The time specified in the solicitation for receipt of offers;
- (3) The name, address, and telephone number of the offeror;
- (4) A technical description of the items being offered in sufficient detail to evaluate compliance with the requirements in the solicitation. This may include product literature, or other documents, if necessary;
- (5) Terms of any express warranty;
- (6) Price and any discount terms;
- (7) "Remit to" address, if different than mailing address;
- (8) A completed copy of the representations and certifications at FAR 52.212-3 (see FAR 52.212-3(b) for those representations and certifications that the offeror shall complete electronically);
- (9) Acknowledgment of Solicitation Amendments;
- (10) Past performance information, when included as an evaluation factor, to include recent and relevant contracts for the same or similar items and other references (including contract numbers, points of contact with telephone numbers and other relevant information); and
- (11) If the offer is not submitted on the SF 1449, include a statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation. Offers that fail to furnish required representations or information, or reject the terms and conditions of the solicitation may be excluded from consideration.

(c) *Period for acceptance of offers.* The offeror agrees to hold the prices in its offer firm for 30 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.

(d) *Product samples.* When required by the solicitation, product samples shall be submitted at or prior to the time specified for receipt of offers. Unless otherwise specified in this solicitation, these samples shall

be submitted at no expense to the Government, and returned at the sender's request and expense, unless they are destroyed during preaward testing.

(e) *Multiple offers.* Offerors are encouraged to submit multiple offers presenting alternative terms and conditions or commercial items for satisfying the requirements of this solicitation. Each offer submitted will be evaluated separately.

(f) Late submissions, modifications, revisions, and withdrawals of offers.

(1) Offerors are responsible for submitting offers, and any modifications, revisions, or withdrawals, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that offers or revisions are due.

(2)(i) Any offer, modification, revision, or withdrawal of an offer received at the Government office designated in the solicitation after the exact time specified for receipt of offers is "late" and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and—

(A) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or

(B) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government's control prior to the time set for receipt of offers; or

(C) If this solicitation is a request for proposals, it was the only proposal received.

(ii) However, a late modification of an otherwise successful offer, that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.

(3) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(4) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(5) Offers may be withdrawn by written notice received at any time before the exact time set for receipt of offers. Oral offers in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile offers, offers may be withdrawn via facsimile received at any time before the exact time set for receipt of offers, subject to the conditions specified in the solicitation concerning facsimile offers. An offer may be withdrawn in person by an offeror or its authorized representative if, before the exact time set for receipt of offers, the identity of the person requesting withdrawal is established and the person signs a receipt for the offer.

(g) *Contract award (not applicable to Invitation for Bids)*. The Government intends to evaluate offers and award a contract without discussions with offerors. Therefore, the offeror's initial offer should contain the offeror's best terms from a price and technical standpoint. However, the Government reserves the right to conduct discussions if later determined by the Contracting Officer to be necessary. The Government may reject any or all offers if such action is in the public interest; accept other than the lowest offer; and waive informalities and minor irregularities in offers received.

(h) *Multiple awards*. The Government may accept any item or group of items of an offer, unless the offeror qualifies the offer by specific limitations. Unless otherwise provided in the Schedule, offers may not be submitted for quantities less than those specified. The Government reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit prices offered, unless the offeror specifies otherwise in the offer.

(i) Availability of requirements documents cited in the solicitation.

(1)(i) The GSA Index of Federal Specifications, Standards and Commercial Item Descriptions, FPMR Part 101-29, and copies of specifications, standards, and commercial item descriptions cited in this solicitation may be obtained for a fee by submitting a request to—

(j) *Data Universal Numbering System (DUNS) Number.* (Applies to all offers exceeding \$3,500, and offers of \$3,500 or less if the solicitation requires the Contractor to be registered in the System for Award Management (SAM) database. The offeror shall enter, in the block with its name and address on the cover page of its offer, the annotation "DUNS" or "DUNS +4" followed by the DUNS or DUNS +4 number that identifies the offeror's name and address. The DUNS +4 is the DUNS number plus a 4-character suffix that may be assigned at the discretion of the offeror to establish additional SAM records for identifying alternative Electronic Funds Transfer (EFT) accounts (see FAR Subpart 32.11) for the same concern. If the offeror does not have a DUNS number, it should contact Dun and Bradstreet directly to obtain one. An offeror within the United States may contact Dun and Bradstreet by calling 1-866-705-5711 or via the internet at <http://www.fedgov.dnb.com/webform>. An offeror located outside the United States must contact the local Dun and Bradstreet office for a DUNS number. The offeror should indicate that it is an offeror for a Government contract when contacting the local Dun and Bradstreet office.

(k) *System for Award Management.* Unless exempted by an addendum to this solicitation, by submission of an offer, the offeror acknowledges the requirement that a prospective awardee shall be registered in the SAM database prior to award, during performance and through final payment of any contract resulting from this solicitation. If the Offeror does not become registered in the SAM database in the time prescribed by the Contracting Officer, the Contracting Officer will proceed to award to the next otherwise successful registered Offeror. Offerors may obtain information on registration and annual confirmation requirements via the SAM database accessed through <https://www.acquisition.gov>.

- (5) For acquisitions of commercial items, the make and model of the item to be delivered by the successful offeror.
- (6) Reasonable responses to relevant questions posed by the debriefed offeror as to whether source-selection procedures set forth in the solicitation, applicable regulations, and other applicable authorities were followed by the agency.

E.12 52.212-2 EVALUATION—COMMERCIAL ITEMS (OCT 2014)

- (a) The Government will award a contract using the lowest price technically acceptable process, where the non-price factors are evaluated on an acceptable/unacceptable basis. Best value is expected to result from selection of the technically acceptable quote with the lowest evaluated price. The following factors shall be used to evaluate offers:

Technical Past Performance Price

The offeror must submit detailed information for each evaluation criteria below. The information within the quote must demonstrate that the offered services meet the minimum specifications found in the Performance Work Statement to be evaluated as acceptable. The VA will evaluate the quotes on the basis of information furnished by the offeror in response to this solicitation.

The contractor shall not use abbreviations within their quote without using a glossary or first defining the abbreviation. Similarly, technical words shall not be used without a definition.

To be considered for award:

1. **Technical:** The offeror must have acceptable technical capabilities as evaluated by the VA. The Government shall consider the following information when evaluating the offeror's technical capabilities. Offerors should include the following with their quote:

- a. The offeror shall provide proof of all applicable Federal, State, and Local Licensing requirements:
 - i. Vehicle for Hire Licenses for the business and drivers via the City of Sioux Falls: <https://www.sioxford.org/city-attorney/licenses/other/vehicle-for-hire.aspx>
 - ii. Sales Tax License via the South Dakota Department of Revenue: http://dor.sd.gov/Taxes/Business_Taxes/
 - iii. Motor Vehicle Licenses via the South Dakota Department of Motor Vehicles: <http://www.dmv.org/sd-south-dakota/>
 - iv. USDOT Number via the DOT: <http://usdotnumber.vpweb.com/DOT.html>
 - b. The offeror shall provide Certificates of Insurance reflecting the minimum coverage amounts as listed in the solicitation.
 - c. The offeror shall provide an inventory of vehicles (Year, Make, Model, Communication Devices, Safety and Wheelchair Transport Equipment Listing) or an acquisition plan to have the appropriate vehicles in place at the time of award as required in the “Vehicles” section of the Statement of Work (paragraph 8).
 - d. The offeror shall provide a listing of key employees and driver personnel or a narrative Personnel Plan to have the appropriate trained personnel in place as required in the “Drivers/Attendants” section of the Performance Work Statement (paragraph 3).
2. **Past Performance:** The offeror must have acceptable past performance as evaluated by the VA. The Past Performance Information Retrieval System (PPIRS) will be the primary method used to evaluate the vendor’s past performance. Information stored in PPIRS will be used to determine if an offeror has “Acceptable” or “Unacceptable” past performance. Past performance evaluations stored in PPIRS will take precedence over vendor submitted past performance references. If the offeror does not have any past performance they must state as such in their quote. An offeror with no past performance shall receive a neutral rating for past performance. For the purpose of this solicitation, a neutral rating shall be considered technically acceptable. The Government shall consider the information requested below, as well as information obtained from any other sources, when evaluating the offeror's past performance. Offerors should include the following with their quote:
- a. List of other Federal, State, Local Government, and private sector contracts or jobs for similar services that your company has had within the past three years to include the Company Name, Address, Point of Contact, Phone, Email, dates of performance and a description of the services performed . NOTE: A minimum of two references should be provided.
 - b. Information on any past or pending litigation and any problems encountered on the identified contracts, with a description of your company’s corrective actions (for your company, your company under previous names, or your parent company).
3. **Price:** Pricing shall be submitted as requested in the Price Schedule comprised within the solicitation document. Total price will be evaluated by the Government. In evaluating the offeror’s proposed price for this project, the government concern includes determining whether the proposed price reflects a clear understanding of the requirements, and is consistent with the

various elements of the offeror's quote, and the quoted price must be determined to be fair and reasonable.

(b) *Options.* The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(d) Evaluation of Option to Extend Services under 52.217-8. For the purposes of the award of this Contract, the Government intends to evaluate the option to extend services, provided under FAR 52.217-8, as follows: The evaluation will consider the possibility that the option can be exercised at any time, and can be exercised in increments of one to six months, but for no more than a total of six months during the life of the contract. The evaluation will assume that the prices for any option exercised under FAR 52.217-8 will be at the same rates as those in effect under the contract. The evaluation will therefore assume that the addition of the price or prices of any possible extension or extensions under FAR 52.217-8 to the total price for the basic requirement and the total price for the priced options has the same effect on the total price of all proposals relative to each other, and will not affect the ranking of proposals based on price, unless, after reviewing the proposals, the Government determines that there is a basis for finding otherwise. This evaluation will not obligate the Government to exercise any option under FAR 52.217-8.

(End of Provision)

E.13 52.212-3 OFFEROR REPRESENTATIONS AND CERTIFICATIONS— COMMERCIAL ITEMS (OCT 2015)

(h) *Certification Regarding Responsibility Matters* (Executive Order 12689). (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals—

(1) ☐ Are, ☐ are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) ☐ Have, ☐ have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or Commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(4) [] Have, [] have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,500 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.*

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. Sec. 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. Sec. 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. Sec. 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).

(iv) The compensation (wage and fringe benefits) plan for all service employees performing work under the contract is the same as that used for these employees and equivalent employees servicing commercial customers.
